**Summary of requirements:**

Four four-unit courses or the equivalent, including:

- Historiography of the History of Science (HistSci 303a); two additional graduate seminars (200-level; HistSci 302 Independent Study may substitute for one of these)
- One additional History of Science course, designated either “for undergraduates and graduate students” (100-level) or “primarily for graduate students” (200-level)

*History of Science courses include:*

1. Courses taught in other departments by members of History of Science faculty
2. Courses cross-listed under History of Science in the [online course catalogue](#)
3. Graduate-level courses offered by the Massachusetts Institute of Technology in the [History, Anthropology, Science, Technology and Society Program](#)

Students must meet at least once each academic year with the History of Science DGS to review progress; all courses must be approved by the DGS.
